Women in Philanthropy (WIP), a Giving Circle fund of Eastern Carolina Community Foundation, established in 2009, is an inclusive group of women who combine their talents and charitable financial resources to improve quality of life in the Pee Dee region, with an emphasis placed on support for women and children. WIP creates positive change in this area of South Carolina through the power of grant making to nonprofit organizations and programs.

Membership contributions and fund raising event profits are the primary sources of funding used to make annual grants in Chesterfield, Darlington, Dillon, Florence, Marion, Marlboro, and Williamsburg Counties.

Women in Philanthropy would be honored to welcome you as a new or renewing member. WIP offers members opportunities to participate in many ways. Please consider joining a committee to make your involvement even more meaningful. Indicate below how you would like to help (circle one):
